IPSAS Academy for Auditors in Government

The Deloitte "IPSAS Academy for Auditors" opens the door to finance professionals in public practice (Federal, State and Local Government) and auditors auditing government business entities to access quality learning opportunities for knowledge expansion while contributing to government initiatives on transparency and accountability in the public sector.

The training will cover a range of topics including the following:

- Government Financial Reporting
- International Public Sector Accounting Standards (IPSAS)
- International Financial Reporting Standards (IFRS)
- International Standards on Auditing (ISA)
- Automation of the auditing process (Caseware Audit International)
 - Creating electronic audit file
 - Importing and mapping trial balance
 - Materiality
 - Risk assessment and risk response
 - Lead sheet and audit program
 - Engagement completion and reporting
 - Engagement close-down and file back-up
- Process documentation (e-flowcharting)

Key benefits

- Complete model electronic audit file will be given to each participant
- Auditors in government sector wishing to go into private practice could launch from this platform
- Model templates for preparation of IFRS and IPSAS financial statements
- A gateway to international recognition
- Continuous capacity building support for government business entities
- Exposure to international best practices and knowledge base
- Regular updates to software to reflect developments in ISA's, IPSAS and IFRS's
